REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents
Washington, D.C. 20231

Dear Sir,

Patent 6,211,400 has issued with an error of minor character in Claim 1. Applicants respectfully request the following correction be made:

In claim 1, at column 11 line 62, please delete "and R⁵ independently of one another are" and insert therefor --is--.

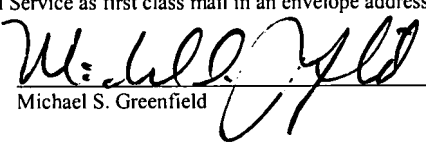

R⁵ is defined in Claim 1 but does not otherwise appear in the claim. It is not part of the claimed compound and, therefore, is merely superfluous verbiage. Consequently, removal of the definition of R⁵ from claim 1 does not alter the scope or nature of the claimed invention.

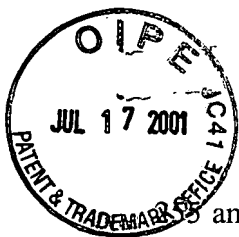

The error appears to have occurred in the amendment of claim 1 in the "Response to the Office Action Mailed July 25, 2000," when the applicants amended the claims to remove the non-elected subject matter. When R¹ was amended to delete the moiety NR⁴R⁵, the accompanying definition of R⁴ and R⁵ was moved to the end of the claim without appreciating at the time that all other occurrences of R⁵ had be deleted. This error was made in good faith.
